## NOTES

The following points must also be considered:

- The selection process will consist in an interview, which will take place at Istituto G. Toniolo (the offices on *Via Santa Valeria 1, 20123 Milano*) on 18<sup>th</sup> June 2024, unless there are any unforeseen circumstances. In any case, a confirmation email regarding date and time for each candidate will be sent two working days beforehand.
- There are no specific programmes to prepare for the selection process, but it would be useful to visit and to read the documentation available on the following internet site: <https://www.osce.org> ; <https://www.unov.org> ; <https://www.ctbto.org> ; <https://www.iaea.org> . The selection process will consider the academic preparation of each Candidate and their language proficiency, but principally aim to identify how suitable the Candidate will be for the open internship position at the Permanent Mission.

- Due to privacy reasons, any communication between the Candidate and Istituto Toniolo will take place via the Candidates' own email address, which must be the same used for the application process. Any issues concerning the application and personal data cannot be discussed over the phone.
- The selected candidate must give confirmation by email of acceptance to Istituto Toniolo within 3 working days of receiving the Assignment letter. The confirmation can be found on the letter. In case of the selected candidate pulling out, the fellowship will be awarded to the next in rank, based on suitability.
- During the work placement, Candidates are obviously expected to be punctual and fully involved in their role. Furthermore, the Candidate will be an active member and work alongside the Permanent Mission's staff and will be introduced to the work of specialized agencies: should the candidate not satisfy requirements and not show full dedication, he or she will be replaced by another more suitable person. At the end of the placement, the Candidate will be required to send a summary report regarding their experience in that role to Istituto Toniolo.
- Istituto Toniolo reserves the right to assign one or more extra fellowships in case of supplementary funds (e.g. donors, partnerships...) and if so desired by the Mission involved. Any additional fellowships would be assigned according to the ranking that will be published as the result of the selection process as stated. All the extra fellows will observe the same conditions of this Competition Notice.
- On one hand, Istituto Toniolo's objective is to maximize the students' potential and offer opportunities for further training and development. On the other hand, the student is expected to make a valid contribution to the University initiatives organized to promote post-graduate projects.
